WHEELING UNIVERSITY
Office of Graduate Housing
STEENROD GRADUATE RESIDENCE HALL POLICIES

The University believes that off-campus living provides a balance of challenge and support for our graduate students. Steenrod allows our residents to learn about themselves and others and to take responsibility for themselves and their development.

The role of the Office of Graduate Housing is to contribute to the development of Steenrod residents in a diverse and positive living environment. The interaction between individual students and the community in which they live is a dynamic one. The individual attitudes and actions of students have an impact on the individual and the community. The Office of Graduate Housing seeks to keep these elements in balance.

In keeping this balance, the mission supports the nondiscrimination policy of the University. The Office of Graduate Housing does not discriminate on the basis of age, race, creed, national origin, or physical disabilities in the consideration of housing selection and assignment.

Responsible student behavior is at the heart of the Wheeling University's Graduate Housing program. Residents are expected to respect the property, rights, and sensibilities of all residents. The policies and procedures listed are meant to help insure responsible behavior and respect for fellow students and property.

In addition to reviewing this publication, students who reside in Steenrod should refer to the housing contract for detailed information on the agreement to live in Steenrod. Questions regarding the contract should be directed to the Office of Graduate Housing.

While the Steenrod Policies attempt to include information on most of these regulation and policies, residents of Steenrod Hall need to review the Student Handbook, available through the Office of Student Services.

The following alphabetical listing identifies some of the most common issues and policies regarding Steenrod:

ALCOHOL: In accordance with the University's general alcohol policy, alcohol is permitted only in private students' apartments where at least one student of legal drinking age (21 years or older) resides. Students who are of age may not bring alcohol into an apartment where an under age person resides. Under age persons residing or visiting in such apartments are prohibited from consuming or possessing alcohol. Alcohol use in snot permitted in any public area.

Wheeling University is committed to creating and fostering an academic and social environment that fosters growth among its members. The abuse of alcohol threatens the educational and social mission of the University. As a result the following are violations of the Steenrod Policy. Wheeling University personnel will cite all students in violations of the following:

- Alcohol use by an underage person.
- Alcohol served to an underage person.

The University also reserves the right to enter student apartments for maintenance and housekeeping inspection.

APARTMENT/ROOMMATE CHANGES: Roommate changes are not automatic. If students find that they have been assigned an incompatible roommate, a discussion with the Office of Graduate Housing is required. The option to relocate may be offered if and when a space is available. Students who are granted the option to move are given a list of other residents with whom they may choose to live.

Students are expected to maintain a responsibility to their floors and living units. Residents should be familiar with their residential unit and aware of the nearest exit and alternative exits. When a fire alarm sounds, please observe the following procedures:

- Close windows, turn off lights and electrical equipment, and close door(s) if time allows.
- DO NOT use elevator during an alarm.
- Walk; do not run, to the nearest exit. If the closest exit is blocked by fire or smoke, find an alternative exit. If smoke is in your exit path get down and as low as possible (crawl).
- After exiting, get well away from the building and follow instructions from the residence staff, security officers, and/or fire department officials.
- DO NOT re-enter the building unless permitted to do so by authorized fire officials.

If such actions cannot be attributed to an individual(s), those living on that floor will each be charged a \$100.⁰⁰ fine and the cost of repairs and/or replacement of the equipment. Deliberate false alarms, which cannot be attributed to a particular individual(s), will result in a fine of up to \$100.⁰⁰ to each resident of that floor and the cost of repairs and replacement of the equipment. A lost key will require replacement of the key, changing the core and changing the cylinder for the locks involved. The student will be charged for these replacements. In addition, the student will be fined \$100.⁰⁰ for a lost apartment key or a lost key to any other University facility. Failure to return keys when a student leaves Steenrod will result in the same fines and replacement costs. Use of any University keys to enter unauthorized areas is a violation of University policy.

REPAIRS: All requests for repairs should be given to the Office of Graduate Housing unless the repair is an emergency. The Office of Graduate Housing will complete a maintenance request form and will notify Physical Plant. In an emergency, contact Public Safety at 304-243-2486.

Students interested in obtaining a single apartment must complete a “Single Apartment Request”, obtained in the Office of Graduate Housing. Single apartments will only be provided if space is available. Students must also agree to pay the single apartment rate. The Office of Graduate Housing does not guarantee to any student a single apartment. However, when space is available, and the student signs a contract to pay a single apartment fee, then single apartments may be made available.
