Financial Aid Office 2023-2024 Cost of Attendance Adjustment Request – DPT Students

Your financial aid eligibility is based on a standard cost of attendance budget. We may be able to increase your budget, adding to your financial aid eligibility, if you have allowable expenses that you are incurring during the academic year that are higher than your standard financial aid budget. This is called a Cost of Attendance (COA) adjustment. We strongly urge students to limit their borrowing to the amount of the standard Cost of Attendance or ideally even less, but in some cases, a student may incur allowable educational expenses that are either greater than the amounts included in the standard budget or else not included at all.

Student’s Name: _____ Student ID# _____

Phone #: _____ Email: _____

Instructions: Enter the expenses you wish to have added to your cost of attendance budget. Expenses must be incurred for the semester(s) you will attend in the 2023-2024 year. Once all the requested costs are approved and totaled, we will then compare that amount to the already used amount in the COA. If the requested amount is higher than the already calculated amount, the difference can be added to your budget. Please refer to page 2 to ensure that you provide the proper documentation. Write the number of the item below on each page of documentation you are submitting. Expenses that are not properly documented will not be considered.

By submitting this form and the attached documentation of cost, I request that my cost of attendance be increased. I have read both sides of this form and understand and agree to the terms. I understand that each request must be reviewed and approved by the Financial Aid Office and that a request may be denied or limited for any reason – even if a similar request was previously approved for me or for another student. I understand that new Federal Loans may require an additional credit check, and additionally will increase the amount of my student loan debt, resulting in higher student loan payments. I understand that if I am awarded a Federal Direct Loan, that loan fees will be deducted from each disbursement by the Direct Loan Program. I certify that all the information on this form is true and complete. I will report any changes in writing to the Financial Aid Office.
