AAQEP Annual Report for 2023

Provider/Program Name:	*Wheeling University: Undergraduate Education Preparation Program, Accelerated Certification for Teaching Program, and Master of Arts in Education: Education Leadership Program*
End Date of Current AAQEP Accreditation Term (or "n/a" if not yet accredited):	*December 31, 2029*

PART I: Publicly Available Program Performance and Candidate Achievement Data

1. Overview and Context

This overview describes the mission and context of the educator preparation provider and the programs included in its AAQEP review.

Wheeling Jesuit University, currently Wheeling University, was founded in 1954 as the only Catholic university in the state of West Virginia and one of only 28 Jesuit institutions in the United States. Today, Wheeling University is the only Catholic university in the state of West Virginia. A culture of performance, respect, and cooperation among our people in the Catholic tradition of cura personalis (care and respect for each person) is aligned with the mission of Wheeling University: Educating men and women for life, leadership, and service with and among others.

The Wheeling University Bachelor of Arts in Education program is designed for undergraduate students seeking teacher licensure in the following areas:

- *Elementary Education (Grades K-6)*
- *English (Grades 5-Adult)*
- *General Science (Grades 5-Adult)*
- *Mathematics (Grades 5-Adult)*
- *Multi-Categorical Special Education (Grades K-6 and Grades 5-Adult)*
- *Multi-Categorical Special Education Endorsement (Grades K-6 and Grades 5-Adult)*
- *Social Studies (Grades 5-Adult)*

A goal of the Undergraduate Education Preparation program is to provide opportunities for teacher candidates to be effective classroom teachers, to prepare teacher candidates who can think creatively and critically in developing and delivering instructional content, utilizing formative and summative assessments as well as the latest educational technologies for teaching and learning, and to recognize the needs of a diverse population. These opportunities are enhanced through the long and successful history of working collaboratively with PreK-12 schools. Teacher candidates receive hands on experiences with PreK-12 students starting in their first education course in the program. The Education Teacher Preparation program prepares candidates for meaningful careers in the field of education. Completers demonstrate an understanding of content knowledge, pedagogy, a commitment to student learning, the ability to work collaboratively to encourage student learning, and critically examine their teaching practices to promote self-improvement.

The Wheeling University Accelerated Certification for Teaching (ACT) program at Wheeling University provides an 18 month online pathway to teacher certification in grades 5-Adult. The program is designed for those who currently serve as emergency, temporary or substitute teachers and desire formal teaching credentials, those looking to transition into a second career and those desiring add-on-endorsements and/or renewal credits. Applicants must have a bachelor's degree or higher to enroll and student teaching is a requirement. All students receive an Academic Action Plan that allows for a personalized approach to completing state and university requirements for certification when they are accepted into the program. The coursework aligns with coursework and pedagogy requirements for the Undergraduate Teacher Education program.

Certification Content Areas:
- *English (Grades 5-Adult)*
- *General Science (Grades 5-Adult)*
- *Mathematics (Grades 5-Adult)*
- *Multi-Categorical Special Education (Grades 5-Adult)*
- *Multi-Categorical Special Education Endorsement (Grades 5-Adult, Teaching License Required)*
- *Social Studies (Grades 5-Adult)*

Through the gained wisdom of practice, Wheeling University teacher candidates are prepared to become reflective, lifelong learners, who are skilled at designing and implementing instruction to promote a positive learning environment to meet the individual and group needs of a diverse population.

The Wheeling University Master of Arts in Education: Education Leadership program prepares candidates for meaningful leadership careers in the field of education. Candidates demonstrate professional knowledge, know how to learn and use technology appropriately, use strategic decision making skills, and demonstrate caring leadership skills. The two strands of this one-year, total-immersion, online, problem-based, graduate residency program are School and System Leadership and Instructional Leadership. The School and School System Leadership pathways leads to Principal, Supervisor of Instruction, and Superintendent certification. This theory-to-practice model of instruction, consistent with United States Department of Education guidelines, is a collaborative effort in which the primary focus of training is moved from the University to PreK-12 schools.

During the residency year, PreK-12 host schools serve as "laboratory" schools. The educator resident is paired with a teacher leader or administrator employed in the host school system. This Instructional Coach receives some compensation and/or release time as determined by the partnership between the school system and Wheeling University.

The two summer sessions provide educator residents with intensive course work designed to lay the foundation for the classroom experience. During the academic year, educator residents work closely with Instructional Coaches. Educator residents collaborate with other educators in the school or school system.

The final session involves scholarly reflection on the residency experience, completion of the course work, continuation of learning skills and strategies needed to be highly effective educators, completion of an action research project, and completion of the professional portfolio that serves as a compendium of the skills they have acquired.

Educator residents learn from some of the best educators in the state and region, from their Instructional Coaches, from their course instructors, and from each other. They gain a combination of classroom experience, mentoring, theory, and practical skills. Individuals accepted into this program must be self-directed and motivated learners. They receive support and feedback from colleagues to become part of a professional learning community. Additionally, the program relies on experienced and committed instructors who are current or former school administrators.

Through the gained wisdom of practice, Wheeling University leadership candidates are prepared to become reflective, lifelong learners, who are skilled at making instructional and leadership decisions to meet the individual and group needs of a diverse population.

The ACT program provides an online pathway to teacher certification in Grades 5-Adult. The program is designed for those who currently serve as emergency, temporary, or substitute teachers and desire formal teaching credentials, those looking to transition into a second career, and those desiring add-on endorsements and/or renewal credits. Applicants must have a bachelor's degree or higher to enroll and student teaching is a requirement. The program is accessible to adult learners who often have their education interrupted by life events. Our commitment to accessibility yields a high success rate when completion is not time bound.

Many students enrolled in the ACT program have withdrawn from the ACT program and have been accepted into the West Virginia Department of Education Alternative Certification program.

*Education candidates may be exempt from the Core Academic Skills for Educators provided they meet exemption criteria listed in the West Virginia Licensure Testing Directory.

**Elementary education candidates must obtain a passing score in each subsection of the 5001: Elementary Education: Multiple Subjects or the 7811: Elementary Education: Content Knowledge for Teaching (CKT). Elementary education candidates may combine sections from both tests (5001 and 7811) to satisfy this requirement. Successful completion of each subsection on either exam is required to obtain a student teaching permit.

The Education Department has created a computer lab in the education suite to support teacher candidates as they prepare for the Praxis exams. Candidates are able to use the computer lab to practice taking practice Praxis exams. This intervention helps to support the first-time passing rate on Praxis exams for students.

Education Preparation Teaching Program

The Education Preparation Teaching Program Completer Survey was completed by the only 2022-2023 completer currently serving as a classroom teacher and three previous teacher candidate completers.

*According to our Education Preparation Teaching Program Completer Survey, the results show that the mean is greater than 2 on the given criterion for the AAQEP Expectations. The scale is 4-Distinguished 3-Accomplished Level 2-Emerging 1-Unsatisfactory. Given that the **Criteria for Success** is an overall average score of 2 (Emerging), we proudly acknowledge that our completers rate themselves as being capable to serve as classroom teachers.*

The Completers indicate a 2.75 mean with their understanding of culture and methods of teaching. This topic is ever changing in our world today. Further review of the program on providing further instruction for clarification will be put forth for discussion in department meetings and the Educator Program Provider Advisory Council meetings.

AAQEP Expectations	MEAN
Content, pedagogical, and/or professional knowledge is relevant to your degree and certification pathway.	3.25

	MEAN
The ability to understand stakeholders and implement teaching practices that align with current research/theory.	3.25
The ability and knowledge to create teaching and learning practices that are culturally responsive, including intersectionality of race, ethnicity, class, gender identity and expression, sexual identity, and the impact of language acquisition and literacy development on teaching and learning.	2.75
The ability and knowledge to implement teaching and learning practices of and for student learning, assessment and data literacy, and use of data to inform practice.	3.5
Creation and development of positive learning and work environments.	3.0
Exhibit dispositions and behaviors for successful professional practice.	3.5

Accelerated Certification for Teaching Program

According to our Accelerated Certification for Teaching Program Completer Survey, the results show that the mean is at or above 3.0 on the given criterion for the AAQEP Expectations. The scale is 4-Distinguished 3-Accomplished Level 2-Emerging 1-Unsatisfactory. Given that the **Criteria for Success** *is an overall average score of 2 (Emerging), we proudly acknowledge that our completers serving as classroom teachers or classroom substitute teachers are performing at or above the expected level. In fact, the means are at or above 3.0 for every AAQEP Expectation, which indicates that our completers rate themselves as able to perform well in each area of the AAQEP Expectations.*

Master of Arts in Education: Education Leadership
The survey was completed by the two MEL completers from Fall 2022 to Summer 2023 who are employed as school administrators. MEL completers in a Focus Group were also given the survey to complete. The Focus Group was formed because not all MEL completers secure employment as school administrators immediately upon completion of the MEL program. Three members of the Focus Group who have secured positions as school leaders completed the MEL Completer Survey.

*According to our Master of Arts in Education: Education Leadership Completer Survey, the results show that the mean is above 3 on the given criterion for the AAQEP Expectations. The scale is 4-Distinguished 3-Accomplished Level 2-Emerging 1-Unsatisfactory. Given that the **Criteria for Success** is an overall average score of 2 (Emerging), we proudly acknowledge that our completers rate themselves as Distinguished or Accomplished school leaders. These completers are currently serving in administrative positions and they see themselves as performing above the expected level.*

H. Narrative explanation of how the program investigates **employment rates for program completers**, with a characterization of findings. This section may also indicate rates of completers' ongoing education, e.g., graduate study.

Investigation of Employment Rates
Wheeling University uses the following methods to determine employment rates of completers:
- *Exit Surveys*
- *Assistance with licensure certifications in state and out-of-state*
- *Letters of recommendation*
- *Academic and Athletic Eligibility pursued at Wheeling University*
- *Academic and Athletic Eligibility pursued beyond Wheeling University*

- *The West Virginia Department of Education provides email addresses of teacher candidates employed in West Virginia*
- *Completer Surveys*
- *Local media reporting on new hires at local school systems and districts*
- *Graduates and completers who return to Wheeling University to complete the Master of Arts in Education: Education Leadership program*
- *West Virginia Association of School Administrators Membership*

- *The teacher candidates build short term instructional design providing opportunities for high level student engagement to create equitable access to learning based on the WV College and Career Readiness Standards (Task 4, WVTPA). The teacher candidate provides evidence of strategies through consultation and exemplars by analyzing the work*

The practice of teaching is both an art and a science. Practicing educators are applied psychologists, daily using best practices with individual and groups of students, in order to better advance their ultimate goals of producing literate, numerate, thoughtful, knowledgeable citizens who are capable and motivated to contributing to their communities and nation. Research emanating from the practice of teaching has the most potential to affect not only specific classrooms but also similar classrooms throughout the nation. The Action Research course is designed to acquaint the practicing educator with the theory and techniques of action research as ideally practiced in classrooms and schools by classroom teachers and administrators. The application of research to teaching practice forms the core of the Action Research Course. Course topics include forms of qualitative inquiry, problem identification, selection of appropriate research methods, collecting and analyzing data, developing an interpretation, and reporting qualitative research.

Criteria for Success: *Leadership candidates cannot earn less than a C+ in any course per the Wheeling University Graduate Catalog.*

Institute Based Reflective Practices:
- *Leadership candidates exceeded the minimum grade requirement for the course.*
- *Discussion Board participation, Student Peer Interaction, and Peer Review of all assignments contribute to successful completion of Course Topics.*

The Evaluation Assessment Instrument is aligned to West Virginia Department of Education Policy 5800: Standards of Professional Practice for West Virginia Superintendents, Principals and Teacher Leaders. This rubric is completed by the Instructional Coach. The Instructional Coaches serve as mentors for the leadership candidates and are in daily contact with the candidates and have first-hand knowledge of their progression as potential school leaders. Because this is a clinical program, our eyes and ears are the experienced administrators who are mentoring our students. The program is based on the quality of these dedicated mentors. As a result, it is incumbent that the competencies of these coaches are validated before assigning them as mentors. To do that we have collected from potential mentors their years of experience, degree level, and their current or previous educational administrative positions. The mentors of students in West Virginia who are administrators have had specific evaluation training as part of their certification as an administrator. That training is a product of completing the Evaluation Leadership Institute approved only through the West Virginia Department of Education. Instructional

The overall cut score has been set as 34 on an 88 point scale which is the lowest level of an Emerging designation on a scale that ranges from Distinguished to Unsatisfactory. The logic for the cut scores is that the candidates are in a clinical program in which they are actually performing the skills under the mentorship of an instructional leader in an authentic setting. The candidate is required to produce artifacts for each of the components of the scale for inclusion in the portfolio. The artifacts are from the MEL course assignments. These artifacts are separately rated and graded for acceptability by university instructors and must meet at the capable level criterion or are redone until the criterion is met.

Institute Based Reflective Practices:

- *The overall Distinguished and Accomplished overall portfolio competency designations confirm that completers are capable in the PSEL Standards, ISTE Standards, and in reflective practices.*
- *The national standards, PSEL and ISTE, are appropriate measures for context.*
- *Reflective practices are emphasized and build the leadership capacity of candidates.*
- *Portfolios are rated with inter-rater reliability by MEL faculty.*
- *A Portfolio Resource site is available in Canvas (Wheeling University Learning Management System) for all MEL students.*
- *MEL students have access to the Portfolio Resource site as soon as they enter the MEL program so that artifacts for the portfolio can be identified throughout the program as opposed to waiting until all coursework is completed.*

5. Notes on Progress, Accomplishment, and Innovation

This section describes program accomplishments, efforts, and innovations (strengths and outcomes) to address challenges and priorities over the past year.

Undergraduate Education Teacher Preparation Program
Progress:

- *The Director of Education Programs participates in the monthly West Virginia Department of Education Office of Certification virtual meetings to discuss the latest updates to the West Virginia Licensure Testing Directory.*
- *The West Virginia Licensure Directory is a listing of all WVBE-required licensure exams for educator certification and for completion of West Virginia Board of Education approved programs leading to West Virginia licensure. This directory is maintained on the WVDE website.*
- *The West Virginia Licensure Testing Directory also lists the exemptions for Praxis I and Praxis II exams. These exemptions are shared with the Education Majors as they prepare for their student teaching/residency placements.*
- *A computer lab has been created in the Education Department suite where teacher candidates are able to take practice Praxis exams. This intervention helps to support the first-time passing rate on Praxis exams for students.*
- *Education majors seeking certification in Multi-Categorical Special Education may also complete two courses in Autism that will help them receive Autism certification once they receive their West Virginia Multi-Categorical Special Education teaching certification.*
- *Membership in the West Virginia Association of School Administrators (WVASA) provides current information about state licensure, policies, procedures, and professional development.*

Accomplishments:

- *The Association for Advancing Quality in Educator Preparation awards full accreditation to the Wheeling University Education Program for excellence in educator preparation valid December 2022 – December 2029.*
- *The Wheeling University Education Department has been selected to present at the 2024 AAQEP Symposium on April 4 and April 5 in Orlando, Florida, in collaboration with the West Virginia Department of Education.*
- *Wheeling University partnered with the West Virginia Department of Education and a partnering school system, Brooke County Schools, to be a participant in the West Virginia Grow Your Own (WV GYO) program. The WV GYO program allows high school students to begin a career path in education studies. The program was created to address the teacher shortage in West Virginia. WV GYO supports high school students who want to become classroom teachers as they complete dual enrollment courses in partnership with Institutions of Higher Education.*
- *The Wheeling University Educator Preparation program relies on experienced and committed instructors who are current or former school administrators as well as National Board Certified teachers.*

Innovation:
- *The Wheeling University Education Department received a 2023-2024 Residency Competitive Grant from the West Virginia Department of Education in the amount of $26,006.38 to support teacher candidates pursuing math education certification. Wheeling University partners with a local school system, Marshall County Schools, to support the West Virginia Residency Model in the areas listed below:*
  - *Learning*
  - *Induction*
  - *Professional Development*
  - *Yearlong Clinical*
  - *Co-Teaching*
  - *WVDE/WVBE Focus*
- *The Wheeling University Education Majors hosted a panel discussion with the WV GYO students from two local high schools, Marshall County Schools and Ohio County Schools, to discuss campus life and being an education major.*
- *The Wheeling University Education Department received a $20,000 grant from the HESS FAMILY FOUNDATION to offer the Help Enrich Someone Special (H.E.S.S.) Mentoring Program for the 2023 Spring semester. The H.E.S.S. Mentoring Program focused on S.T.E.A.M. (Science-Technology-Engineering-Art-Mathematics) education. Twelve students from Grade 7 at a partnering school system, Wheeling Middle School in Ohio County*

Schools, met on Thursdays for ten weeks on the campus of Wheeling University. Exposing the middle school students to the activities aligned with S.T.E.A.M. education supported their learning experience as a middle school student. Additionally, the Program provided teacher candidates with the opportunity to engage with middle school students in an informal setting. This gave our teacher candidates a foundation that fosters communication and understanding of student needs and recognition of student strengths.

- *The Wheeling University Education Department H.E.S.S. Mentoring Program was funded again by the HESS FAMILY FOUNDATION for the Spring 2024 semester.*

Accelerated Certification for Teaching Program
Progress:

- *The Director of Education Programs participates in the monthly West Virginia Department of Education Office of Certification virtual meetings to discuss the latest updates to the West Virginia Licensure Testing Directory.*

- *The West Virginia Licensure Directory is a listing of all WVBE-required licensure exams for educator certification and for completion of West Virginia Board of Education approved programs leading to West Virginia licensure. This directory is maintained on the WVDE website.*

- *The West Virginia Licensure Testing Directory also lists the exemptions for Praxis I and Praxis II exams. These exemptions are shared with the ACT students as they prepare for their student teaching placements.*

- *ACT students seeking certification in Multi-Categorical Special Education may also complete two courses in Autism that will help them receive Autism certification once they receive their West Virginia Multi-Categorical Special Education teaching certification.*

- *Membership in the West Virginia Association of School Administrators (WVASA) provides current information about state licensure, policies, procedures, and professional development.*

Accomplishments:

- *The Association for Advancing Quality in Educator Preparation awards full accreditation to the Wheeling University Education Program for excellence in educator preparation valid December 2022 – December 2029.*

- *The Wheeling University Education Department has been selected to present at the 2024 AAQEP Symposium on April 4 and April 5 in Orlando, Florida, in collaboration with the West Virginia Department of Education.*

- *The Accelerated Certification for Teaching (ACT) program provides an online pathway to teacher certification in grades 5-Adult. The program is designed for those who currently serve as emergency, temporary, or substitute*

teachers and desire formal teaching credentials, those looking to transition into a second career, and those desiring add-on endorsements and/or renewal credits.
- *Teacher candidates enrolled in the ACT program are able to work in West Virginia Schools on a WVDE Form 1 Permit as the teacher of record. This process helps with the teacher shortage in West Virginia.*
- *The Accelerated Certification for Teaching program relies on experienced and committed instructors who are current or former school administrators as well as National Board Certified teachers.*

Innovation:
- *The Wheeling University Education Department was named as a provider of coursework for the West Virginia Department of Education Alternative Certification program. The West Virginia Board of Education has established and adopted this program pursuant to West Virginia §18A-3-1j. The focus of this program is to provide an additional pathway to teacher certification to help decrease the shortage of teachers in West Virginia.*
- *The Wheeling University Education Department received approval from the West Virginia Department of Education to be a provider of the six semester hours of coursework in Autism for individuals who hold a Professional Teaching Certificate endorsed in Emotional/Behavior Disorders, Multi-Categorical Special Education, Mental Impairment (Mild/Moderate), Severe Disabilities, or Pre-School Special Needs or the equivalent to these endorsements as previously defined in WVDE Policy 5100 to receive an additional endorsement in Autism.*
